

## Cig-Arrête® Stand Alone Flame Detector & Voice Alarm (Part No CSA-FDVE)

### Problems with illicit smoking?

### Product Overview

Recent legislation has now placed the onus firmly on businesses to enforce a strict no-smoking policy and the patented Cig-Arrête® anti-smoking alarm is a simple and highly effective deterrent that clearly displays your commitment to legislative compliance.

The unique Cig-Arrête® detector will automatically sound a pre-recorded warning whenever the flame from a match or lighter is detected, thereby helping to prevent illicit smoking on your premises and providing a visual and audible re-enforcement of your commitment to creating a smoke-free environment.

### Product Benefits

- Helping you to comply with legislation
- Visual deterrent—catch them before they light up!
- No need for human intervention, helping to avoid confrontation
- Patented sensor specially designed to detect flames from a match or lighter
- Range of sensitivity settings to suit your premises

### Product Features

- Simple ceiling installation
- Battery operated (1 x PP3 alkaline or 4 x AA alkaline)
- Coverage 25mm flame within 1 second at 6 metres distance (120° field of view)
- 92dB warning with volume control
- Clear voice message

### Message in Alarm

**"This is a no smoking area. Please extinguish your cigarette. A member of staff has been contacted"**
